Hi Mr. Eisen –

Thank you for following up on this. I am cc'ing Dora Beck, our Wastewater Division Chief, so that she can connect with you.

Thank you.

Mary

Hi Mary,

I am not aware of any follow up from the project staff, and we need some additional information before we can publish the item in the upcoming issue of The Environmental Notice. Can you please let them know that someone needs to connect with me before we can publish the entry; preferably in the next couple of days, but definitely by this Thursday, Aug 16. They can reply by Email or call me at (808) 586-4185.

Sincerely,

Tom Eisen, Planner

Mary, please have the project coordinator describe the current status of the project after the 2007 FONSI has been withdrawn; i.e., does the 2007 Final EA still stand, awaiting the agency's alternate determination that an EIS is being required? Or is the Final EA being withdrawn too (leaving an open Draft EA)?? Or is the entire action being withdrawn, in which case, the current letter should clearly state that both EA documents (draft & final) are being withdrawn in addition to the 2007 agency determination.

Again, we are here to help your agency figure out answers to these questions.

Sincerely,

Tom Eisen, Planner

Tom, could you put this down for the Friday deadline and publication for August 23? Please follow up with the agency for any additional materials you need from them to complete their submittal to us.

Sheri, could you log this as submitted on August 8, please?

Regards,
Scott
